X-Ray Equipment For New Hospital

Building Program Is About
Finished — Operating Ex-
penses Will Be About \$22,-
000 a Year.

At a meeting of the Directors of West Lincoln Memorial Hospital on Sunday afternoon, many last minute details were dealt with, in order to bring the Hospital into use as early as possible.

The building program is now about finished except for some floor work up stairs which will take several weeks to complete. Equipment is being moved in and the recently acquired wagon is busy collecting goods from temporary storages, including a very large quantity of textiles, etc. donated by Smithville and Beamsville.

Dr. MacMillan reported that a very complete X-Ray installation has been arranged for which will permit most exacting work to be done by a technician on the Hospital staff.

It is of particular interest to the public to know that the staff will be made up mostly of personnel living near by and who will be able to conveniently live at home when (Continued on Page 7)

Beautiful Organ Is Dedicated

Placed In St. John's Church
To The Memory Of The
Late Mrs. A. W. Eickmeier.

On Sunday morning October 14, in a beautiful and impressive ceremony the Minshall electric organ placed in St. John's Presbyterian Church in memory of Mrs. A. W. Eickmeier, by her family, was dedicated.

It was a solemn moment when after the vested choir had silently filed into place the one-hundred and fiftieth Psalm was read responsively.

"Praise ye the Lord, Praise Him with stringed instruments and organs."

The Minister, The Rev. Francis McAvoy offered the dedicatory prayer and the beautiful strains of "Holy, Holy, Holy" pealed through the church.

In his opening remarks, Mr. McAvoy spoke very feelingly of the wonderful gift, not only a living and fitting memorial to one whose last thoughts were for the Church and God's Kingdom but (Continued on page 7)

Weather Injured All County Crops

County Councillors Compare
Notes—Nine Potatoes Rotten
Out Of 10 — No Fall
Wheat.

Continued cold wet weather has meant a tremendous loss in money to farmers in the Niagara district, members of Lincoln County Council agreed Tuesday.

Ex-Warden William Heaall, Gainsboro Township, said that in his grain and dairy farming district, the ground has been too wet for weeks to do any planting of fall wheat. It is now too late to plant this type of grain, but he thought farmers would fall back upon oat crops planted next spring. Ex-Warden Walter Sheppard, Niagara Township said that in digging potatoes during the past week he would "dig 10 and throw away nine." Deputy Reeve Ivan Buchanan Grantham Township, added that carrots, too, are suffering badly through rotting from soaked lands. Locally-grown potatoes may be scarce, and consumers (Continued from page 7)

Sentenced For Tire Stealing

Last Thursday afternoon two young lads in an old jalopy stopped at Grad's Garage and tried to buy a tire. They were not successful, but before driving away they stole one from the rear of a car parked at the side of the building.

This action was perceived by a neighbor who noted the number of the car and notified the garage people. Chief Turner was called in and on Friday he had arrested two Hamilton boys, Archie McKenzie and John Russell.

They appeared before Magistrate James S. Campbell, on Tuesday. Russell was sentenced to 15 days and McKenzie got suspended sentence.

Cars Crash

Gordon E. White, of 111 Mountain Park avenue, Hamilton, sustained a severe facial laceration in a weekend accident on the Queen Elizabeth Way, near Grimsby Beach, when his car was reported by police to have been in collision with one in charge of Clarence Christie, Grimsby Beach. Both cars were westbound.

The Christie vehicle was totally demolished, and White's was extensively damaged. Although thrown out of his car, Mr. Christie escaped without serious injury. Dr. C. W. Elmore attended him, and Provincial Constable Teddy Hope investigated.

A Famous Feature Coming To Roxy

"The Valley Of Decision" One
Of 1945's Biggest And Best
Productions Here Next
Week.

Truly a triumph in every department is the screen version of Marcia Davenport's best-seller novel, and its wide appeal to every class of audience, with the possible exception of the bobby-soxers, should be so powerful as to establish it as one of 1945's record grossers. The film is produced and directed with consummate skill (Continued on Page 7)

Judge Returns

His Honor, J. G. S. Stanbury, K.C., Lincoln County Judge, is recovering from his serious illness and was able to preside over division court on Thursday morning last.

It was Judge Stanbury's first attempt at a morning court, although he had been meeting afternoon appointments in his office for the past two weeks.

Judge Stanbury has been on leave of absence for seven months to undergo several major operations. During his absence the work in Lincoln County has been done by Judge H. E. Fuller, of Welland County.

Publish Picture Before Arrival

Roy Marsh Arrives In Town
To Find His Photo In Paper
— Did Not Know It Our-
selves.

Grimsby had an unexpected visitor last Thursday, despite the fact that The Independent had his picture in the paper hours before his arrival, and at that we did not know that he was going to arrive.

Roy and Mrs. Marsh of Iowa Falls, Ia. came to town to visit with Mr. Marsh's relatives. The Independent that morning carried the (Continued on page 8)

EAST END RESIDENTS OPPOSED TO BUILDING OF A BRICKYARD

Presumed Dead

Holder of the D.F.C. and bar, Flight-Lieut. Rutledge was reported missing on December 14th, 1944, in air operations out of Rockcliffe, Ottawa. Following completion of his third tour, overseas, he returned home on a month's leave in August of last year and was posted to Ottawa in September, 1944.

Collect Clothing Valued At \$7,000

Grimsby Drive Was Most Successful — Over Six Tons Of Apparel Shipped Out.

William A. Hewson and the committee in charge of the clothing drive for the Canadian Mutual Aid Board are very pleased to make the following very gratifying report.

More than six tons of clothing was collected. Valuing this at a conservatively low figure the figure would be in excess of \$7000.00 consisting of 244 packages of all sizes. (Continued on page 8)

New Type Pier Stops Erosion

Niagara Residents Think
They Have Found A Plan
That Will Stop Inroads Of
Lake.

(Niagara-on-the-Lake Advance) Friday afternoon, October 5th, a most interesting meeting was arranged by Mayor L. W. McConkey, which members of Niagara Town Council attended.

Mr. Foster Parmelee, of Chicago, well-known summer resident of this town and owner of Sunset House on the lakeside at Chautauqua Park, had arranged for Mr. Sydney W. Wood, Lake County Chapter, Illinois Society of Engineers, who is an expert on shore erosion control, to meet with the town council and show them plans and pictures of the work he has done in this line. It is Mr. Parmelee's intention to place such erosion (Continued on page 8)

Tell Township Council They
Are Fearful Of Damage To
Trees And Bushes From
Smoke And Fumes.

A LIGHT SESSION

Plant Will Use Oil — Council
Will Seek Advice Of En-
gineers And Chemists —
Many Minor Matters On
Docket.

Township council in session on Saturday afternoon was greeted by a large deputation of citizens from the east end of the township, brought there by the fact that the Niagara Brick and Tile Co. application for a permit to erect a new brickmaking would be before council.

This new plant, if erected, will be constructed on the Williams property just east of Park Road and the first buildings erected, with machinery, will cost approximately \$50,000.

Representatives of the company were present and stated that the new plant would not burn coal, but would burn oil in the manufacturing of brick, tile and other clay products.

Spokesmen for the deputation expressed fears of great damage to their fruit trees and bushes from smoke and fumes from this plant, taking their cue from the long legal dispute of a few years ago when by court injunction the plant of the Grimsby Brick and Tile Co. just over the township line in Clinton township was closed down.

In that connection it must be remembered that the old plant was established in 1868 and ran almost (Continued on page 7)

Mogg Has Landed In Jail At Last

His Political Opponents Have
Predicted That For Years
— Now It Has Come To
Pass.

There is an old saying that "Murder will out," and here is another case of it.

For 10, these many years, the Federal, Provincial and Municipal opponents and enemies of ex-Reeve Harold Gladstone Mogg have predicted that he would wind up in jail. That he would spend his declining years looking through the bars from the inside.

Now it has come to pass. If we are to believe the story printed in the Hamilton Spectator Tuesday evening, then Mogg has finally landed in the hoosegow. Here's the tale of woe:

Few people know it now, but there is a cell in the basement of the court house which in the old days temporarily housed convicted murderers and petty thieves alike.

Time passes, and Ernest Newcombe, court house engineer, is converting the forbidden cell into a bright, airy office for H. G. Mogg (Continued on Page 7)

New Health Unit Office Opening

Dr. Mather Of Grimsby Will
Be M.O.H. For All Of West
Lincoln In Future.

The Beamsville office of the St. Catharines-Lincoln Health Unit will be opened on Monday, October 22. This office will serve the townships of Clinton, Gainsborough, Caistor, North and South Grimsby and the towns and villages in that area. The telephone is Beamsville 4.

Dr. James M. Mather is the medical officer of health. At present there are three nurses and a fourth will be added shortly. Miss G. Hamner is supervisor of nurses and will cover Clinton township. Miss I. Price has been assigned to North Grimsby. Miss O. Smith has Caistor and Gainsborough, and will also serve South Grimsby until the arrival of the fourth nurse, Mr. S. Sharp is the sanitary inspector.

It will be some time before the necessary alterations can be completed in the Beamsville office. However, it was felt to be desirable to open the office at once to provide service to the community. Examination of school children in the area has already begun. During the present school year all first and eighth grade children will be examined.

Back In The Days When Grimsby Did Things In a Big Way

This picture caused a lot of comment. We did not expect that all the people in the picture would be named, as we have not a complete list ourselves. A number of these men are deceased and others have been away from Grimsby for years. This photo was taken on Labor Day 1908—37 years ago. It depicts the owners and employees of the D. Marsh contracting and planing mill firm and was taken on the property at the C.N.R. tracks.

In the picture, without placing them, are: Daniel Marsh, the

owner of the business and his four sons, Henry H., J. Albert, Wesley and Fred; three grandsons, the little lad on the dray in dresses is Daniel Dayton Marsh, now of Guelph, the two black-face boys are Earl J. Marsh and Roy Marsh of Iowa Falls, Ia. Then there is Henry McNinch, John Pollard, Lev. Snyder, Jean LePage, E. Mannell, Harry Talbot, Fred Lane, Tommy Voigt, W. E. Drury, Art Ockenden, Conrad Shafer, Dan. Monsinger, Philip Hand. If you can name the rest of them, go to it.

FACTS & FANCIES

Frank Fairborn, Jr.

THE DIFFERENCE BETWEEN TOWNS

BURLINGTON—"At the last regular meeting of the town council, the Burlington Aircraft Accessories renewed their application to the town council for a permit to build an extension on their property, which runs from Brant St. to Locust St. The council claim that the property facing on Locust street is in the restricted area under the town by-law, and will not issue the permit. Burlington Aircraft Accessories contend that the by-law does not cover the property, as it was an industrial site before the by-law was passed in 1920, and the company intends to carry on a woodworking business, and are therefore, entitled to the permit."—Burlington Gazette.

GRIMSBY—"At the last regular meeting of Town Council on Wednesday night last, council unanimously agreed to sell to the White Aircraft Co. a piece of land 50 feet wide and extending westward from Elizabeth street to the Creek, adjoining their present factory, for the sum of \$1, so that the firm may make extensive extensions to their present plant."

GREATER GRIMSBY.

LET'S MAKE A CHANGE

This summer and fall, as in previous years, Grimsby has had a plethora of tag days. So many of them that even the promoters of them and Town Council have had difficulty to find Saturday dates for them all.

As worthy as the objects are, that these tag days are conducted for, the fact remains that they have become a nuisance. One bad feature with them is the situation that has arisen in securing sufficient taggers. It has got so that the teen age boys and girls have tired of the job and just won't do it. The result has been that little kids have been used and they naturally have not the finesse of the older children and are doubly a nuisance, as well as having too much temptation placed in their way.

There is no doubt that the tag day receipts, on the whole have taken a decided drop, because it is the same people over and over again who get grabbed. It is safe to say that 85 per cent of all money collected each and every tag day comes from the same group of people. There are hundreds of people who never even know that a tag day is being held.

Many of these organizations should not be compelled to hold a tag day in order to raise sufficient funds with which to carry on their worthy work. Several of these organizations are out and out City of St. Catharines and County of Lincoln institutions and they should be wholly supported by the municipal funds of the city and county, instead of only partially as at present. Then every person in the two municipalities would be paying their share of the costs, through their taxes.

As an example. Why should the officials and voluntary committee people behind the Children's Aid Society be compelled to hold tag days all over the city and county in order to keep the Society floating. This Society is an out and out city and county institution and should be wholly supported by funds from the two municipalities.

Councillor Erwin Phelps has come to the front with an idea that is worth considering, in view of the fact that the city and county officials do not deem it necessary to provide sufficient funds for the carrying on of organizations that are really municipal bodies. He suggests that all tag days be prohibited and in their place a sort of Community Chest idea be worked out.

In other words he would organize and hold a Community Chest drive every Autumn. Every business place and home in the town and township would be thoroughly canvassed, much on the same basis as the Red Cross campaign. The lump sum of money thus secured would be divided pro ratio among the various organizations concerned.

I believe that this idea would work out very successfully for everybody. I believe that each organization would get more money than they are getting now, and the plagued nuisance of tag days would be removed forever.

SOUND AT HEART

The other day an observer in England remarked, "The British came out of the war tired, cross and impoverished."

He was referring to the people of the British Isles.

If he were doing his observing here he might use a current wise crack and say, "The Canadians came out of the war tired, cross, period."

Such an observation might be justified. Located far from the scenes of battle, Canadian homes, factories, public services, remained intact throughout the war. Thus this country was able to satisfy the demands of a war-hungry machine. And in so doing, Canadian citizens earned money on a scale never equalled here before. Right now, in addition to holding several billion dollars worth of Victory Bonds, Canadian citizens have a total in savings banks accounts which is the highest in the history of Canada.

A critic might label us "cross and tired." But if he really knew us, he would not describe us as ungrateful or selfish.

Confirmation of our true national spirit will be forthcoming in the Ninth Victory Loan campaign. To provide for the civil re-establishment of our men who fought and to provide at least a little of the goods which impoverished people across the Atlantic must have to survive our people will buy bonds as enthusiastically in the Ninth campaign as they did in the previous eight Victory Loan campaigns.

NOTHING IN IT

For quite some years dietitians and others who claim to know, have been telling us that the frying of food was most injurious to health and a practice that should be immediately discontinued. Otherwise, we would lose our stomachs, and a man without a stomach is indeed to be pitied.

We have been told that fried meat and fried potatoes and fried eggs were the most indigestible and unsuitable of human foods. Every disease from total blindness to mumps were caused by excessive use of these old-fashioned delicacies. Some historians of the American Civil War even claimed that the defeat of the South was due to the Southerners' incurable habit of eating fried chicken and hot biscuits and other foods of the deep-fat school of cooking.

Well there is nothing in it. For the first time a real scientific investigation was recently held into the subject, and it has shown up some surprising facts.

It is now officially claimed that fried foods are actually more easily digested than any others and the more thoroughly they have been fried the less indigestible they are. That surely brings the old frying pan back to a state of respectability.

THE MONEY MYSTERY

A humorist remarks that mystery stories and plays have made the Canadian people rather clever in solving mysteries, but many people cannot solve the mystery of where their money has gone to.

It is a useful habit for people to keep a cash account and determine what becomes of their money. It would take but a few moments each day to make this record. If it is kept with some correctness, they will know whether they are spending an unreasonable amount in some way.

This habit will help them to keep money for the most important things. The habit of keeping a correct cash account is good training for business.

FAMOUS DUNCES IN HISTORY

Isaac Newton gravitated in his school-days always toward the bottom of his class.

Dr. Chalmers, the great missionary, was expelled from the parish school of Anstruther as "a dunce for whom there was no hope."

Adam Clark, the Bible commentator, was pronounced by his father "a grievous dunce."

Henry Ward Beecher, we learn from his biography, was "a dull boy." As a lad Henry invariably broke down when it came to his turn to recite the catechism!

Sir Walter Scott, while at Edinburgh University, gave little evidence of that genius which was to make him famous. "Dunce he is, and dunce he will remain," said Professor Dalziel of this lad—who eventually became the most distinguished of his students!

The above interesting list, of course, does not mean that we set a premium on inability to pass in studies, but it should, at least, bring some little encouragement to those who are always at the foot of the class, to renew their efforts towards success; if not in one particular field, then in another.

Here Is The Complete And Correct List Of Names

Just after The Independent came off the press last Thursday morning, we received a letter from Mrs. Charles Laing of Hamilton (Grimsby's own Florence Smye) containing a full and correct list of names of the pupils in the above picture. Therefore we publish this cut for the third time so that all "unknown persons as appearing in the other printings will be known.

This list of names reads UP, not down. Reading from the bottom row they are:

... Webster, Gerlie Marlatt, ... Shepherd, Flossie Smye, Ola Culp, Hattie Coon, Clara Freshwater, Mel VanDyke, Charlie Davis,

Olive Whittaker, Letha Farrell, Bertha Farrell. 2nd row—Rena Hummel, Muriel Millward, Flossie Whittaker, Teresa Dougherty, Miss Simpson, Mr. Sykes, Miss Hepburn, Louise Sullivan Bessie Carpenter, Edna Gilmore, ... Shepherd. 3rd row—Clara Farrell, Mary Snyder, Kate Chenery, Olive Saunders, Violet Norton, Bertha Hewson, Gertie Konkle, Lizzie Plain, Maud Land, Cora Konkle; 4th row—Owen Teeter, Willie Morgan, Frank Hill, George Snyder, Ronald Alexander, Paul Webster, Murray Hainer, Lorne House, George Mabey, Wesley York, ... Jensen, ... Langford; 5th row—J. Orlon Livingston, Bert Mabey, Lew Morgan, Fred Wasmidge, Barney Farrell, Ed. Hand, Frank Blair, Albert Phipps, Lew Carpenter, Stanley Millward. That is final.

'WAY BACK WHEN

Frank Fairborn, Jr.

THE OLD STONE QUARRY

Mr. Orlon Livingston, Sir:

It has been suggested that I submit in detail the location of the narrow gauge tracks that were used to convey the stone cars of the Webster quarry.

For the benefit of the present age, during the early days of the village, the eastern elevation of the famous Forty ravine, was known as the "Split Rock," derived by the crevices on the plateau.

On the north side of this rock formation where the town reservoir is now located, was a stone quarry operated by a man by the name of Webster; (and with his son Paul, I attended the old Elm street school).

The quarry was approachable by the old mountain road which ran parallel with the present road, southward, then back west to the quarry, also up the hillside at the head of Oak street, where there was a track.

As the huge white stones were blasted out from the mountain side at the quarry, they were raised by derricks and placed ready to be loaded on the cars. There was also a horse kept there which was used for the purpose of raising the empty cars from the foot of the incline, by a double cable, and windless.

The stone cars were a single truck, flat car type with a dash, and wheel hand brake at both ends.

Huge stones were carried on the cars to the lake by their weight and commenced their run, manned by an expert car driver who controlled the cars speed by the hand brake.

After the car, with its load left the quarry it was lowered down the mountain side by a cable, to the turntable, which was situated at the head of Oak street, and from there was re-routed on the north track running westward and while on this portion of track it acquired its speed to take it to the lake at the foot of Maple Avenue.

Leaving the turntable there was a double track or switch leading westward, to a blacksmith shop or repair shop, midway in that block on the south side of the road, where repairs were made to cars and the tools of the quarry were tempered for the drill work, when blasting.

From that shop a single track continued westward, on the south side of the road, and turned north on Mountain street, on the west side of the road to Main street, where there was another short switch; then a single track crossed Main street in a northwesterly direction to the east side of Elizabeth street and continued along the side of the two plank walk, on the east side, until it reached the G.T.R. subway, then under that bridge the track crossed northwesterly again before it reached the south gates of the Farrell home on the west side of Elizabeth street, then continued along the west side of the road to a point about one hundred yards south of the old bridge that crosses the Forty creek, then crossed the road again in a northwesterly direction, to the north west section of Victoria Park and along the bank of the creek, where a break water was built to protect the bank of the track bed.

Leaving the park property, the track continued northward, through the "flats" and properties of the late George Hughes, Joseph Graisley and Walt Kavanaugh, who lived on Ontario street at that time (on the west side) it also passed through the western edge of the pasture field owned by the late Miss Clover Forbes (Mrs. John Muir). Then entered the creek bank again where another breakwater was built to protect the road-bed, which was at the north west corner of the Wasmidge property.

During those days Ontario street was better known as the "Range."

Continuing in a northerly direction on the built-up portion of land, the track crossed a bridge at a point where the creek separated to the north and east (as it were), until it reached the lake beach, then it turned east on the sand strip (along a row of willow trees) until it reached the present outlet, where it crossed over another bridge. Then a double track continued east to the old grain house at the foot of Maple Avenue then turned north and entered upon the old pier, which was built of timber and filled with stones and had five cribs extending out into the

Geo. Warner polishing the brass on the Post office doors. Bravo.

Waterwork Supt. Andy Henderson praying for a mild winter and few breaks.

Hannah takes over the Inn on Halloween night. That's O.K. He couldn't have picked a better night. We'll all be there.

Tax Collector Fred Jewson with a worried brow. Getting round shouldered from lugging the citizens' money down to the bank.

Marjorie Hitchman, Rev. Francis McAvoy and Davey Thomson, trying to comfort a crying baby in a buggy, in front of the Post office. No wonder the kid was yawning.

It was a great pleasure on Thursday last to greet once again James G. McIntosh on Main street. "Jimmie" has had a long siege of illness and we are more than pleased to see him down town.

An American visitor in town for a few days last week, in conversation with this column said: "That shop of West, The Barber, is the only one of its kind in America. I have travelled a million miles, but it is the only institution of its kind, where a man can get a shave, a horse race, a rabbit hunt and a political argument all for two bits." Kerect.

lake where the famous Gordon Jerry loaded the stone and carried them to Toronto.

The empty stone cars that were often seen at the pier, were returned to the head of Oak street, drawn by a team of horses, driven by "Kate" Hughes' father. Empty cars were often seen also at the corner of Main and Mountain streets, owing to the heavy pull being too much for the horses.

During those days in the village there were no automobiles to worry about and the loaded cars had no difficulty in crossing the intersections of Elm, Main, Adelaide, Victoria or Clark streets.

At the termination of the quarry in the village, the Webster family left the Canadian soil, and later settled in Melbourne, Australia.

Trusting this bit of Village news will continue to revive the Village age with others to follow.

I remain
Francis Hill

Penned and Pilfered

The fellow with steady habits and a steady tongue always has a steady job.

Envy stands between many a man and success. Until you are big enough man to honestly and sincerely glory in the promotion of a fellow worker you'll never get very far.

Meet The Champ

At a dinner in London, in 1900, Mark Twain was introduced to the up and coming young Winston Churchill, and was so attracted to the youthful statesman that he took him aside for a private conversation. Watching the pair leave the room, Sir William Harcourt, who well knew the prodigious talking powers of the American humorist, remarked, "For the first time in years Winston's tongue will get a rest."

When an hour later the two men returned, Sir William asked Churchill if he had enjoyed himself. The young man replied with an enthusiastic "yes." Then Sir William asked Mark Twain the same question.

Mark was silent for a moment, and then he replied, "Well, I had a good smoke."

Production

A Prentice-Hall article points out:

"In 1903 the average price of automobiles in the U.S.A. was \$2,112, only 64,000 were sold; in 1940, this average price had fallen to \$653; sales rose to 3,700,000.

"In 1926 the average price for refrigerators was \$400; only 200,000 were sold. Ten years later (1936) the average price was only \$160 and 2,000,000 were sold.

"In 1926 the average price of radios was \$114 each; 1,750,000 were sold. Fifteen years later (1941) the average price was \$35, but 13,000,000 were sold."

"Excepting for 21 firemen, four policemen, a rescue squad car, two hose trucks and a hook-and-ladder truck, 10-year-old Mrs. Anthony Sisi was unattended early today at the birth of her seven-and-a-half-pound son."—(News item from Cleveland.) It seems that Mr. Sisi became excited at the crucial moment and turned in a fire alarm when Mrs. Sisi informed him that he was soon to be a father. The couple have one other child, Dominic, 13 months, who was born without benefit of fire-fighters.

Hunting Season

According to E. V. Durling, who claims to know, women have no one but themselves to blame if bachelors are hard to trap. It's all a point of psychology. Women make bachelors feel too important. "Why don't you marry some nice girl and make her happy?" Nice girls persist in asking the solo success. "Why be selfish and single, when you could make such a good husband?" Well, that's all wrong. It makes him feel he's a plum for the giving. The thing to do is direct conversation along these channels: "What's the matter, can't you get a girl?" "Why is it nobody thinks you have what it takes to make a husband?" "Won't anybody give you a home?" Things like that. According to E. V. Durling that will shame the bachelor into a mood for matrimony. But, frankly we wouldn't have the heart. He looks so happy.

Mrs. Katharine Marston

Editor of the Elora, Ont., Express, who has been awarded the Lorne Eedy trophy for the editorial page in smaller Canadian weekly newspapers. Widowed four years ago when her farmer-husband died, and with four young children to support, she bought the Express. The children have helped with the housework while she has reported the news, written editorials and added to circulation.

This fine little lady is a real newspaper woman. Her paper is an outstanding one among the weeklies of the smaller villages of Canada. Elora is no bigger than Smithville, yet The Elora Express is as fine a produced paper as The Independent is. It is new, bright, well dressed, well made-up and exceedingly well printed. It is a credit to its Editor, the Village of Elora and the whole weekly newspaper profession.

The never-say-die efforts of Mrs. Marston in stepping from a farm kitchen to an editorial chair is only an example of what a bright, vivacious, industrious woman can do.

Hello, Homemakers! Once again it is time to replace screens and awnings with storm windows and to clean and arrange our homes for winter living. Housecleaning may cause a burst of energy on the part of the homemaker, but it will be greeted with wrath by the other members of the family if everything is turned inside out at once.

It is wise to clean only one room at a time. Begin with the walls, then do the floor and windows, and finally the furnishings. To remove wax from polished floors use vinegar in warm water or a standard cleaning fluid. To clean rugs and upholstery use a vacuum cleaner and the suitable attachments.

When cleaning bookcases and magazine racks do not forget to sort out the more recent contents for the Navy League. Do not overlook the pictures, lighting fixtures and knick-knacks. Now you are ready to rearrange the furniture and hang fresh curtains.

RECIPES TO SUBSTITUTE FOR RICE

Barley Pudding

1/2 cup pearl barley, 4 cups milk, 1/2 cup corn syrup, 1/2 cup brown sugar, 1 tsp. salt, 1 tsp. vanilla, nutmeg.

Wash barley and soak it for one hour. Drain and put into well-greased pudding dish. Heat milk and add to it syrup, sugar and salt. Pour over barley. Dust with nutmeg or cinnamon. Dot with butter. Set in pan of hot water and bake in moderate oven until custard is set and top a golden brown. Serve with top milk or cream.

Suet Pudding

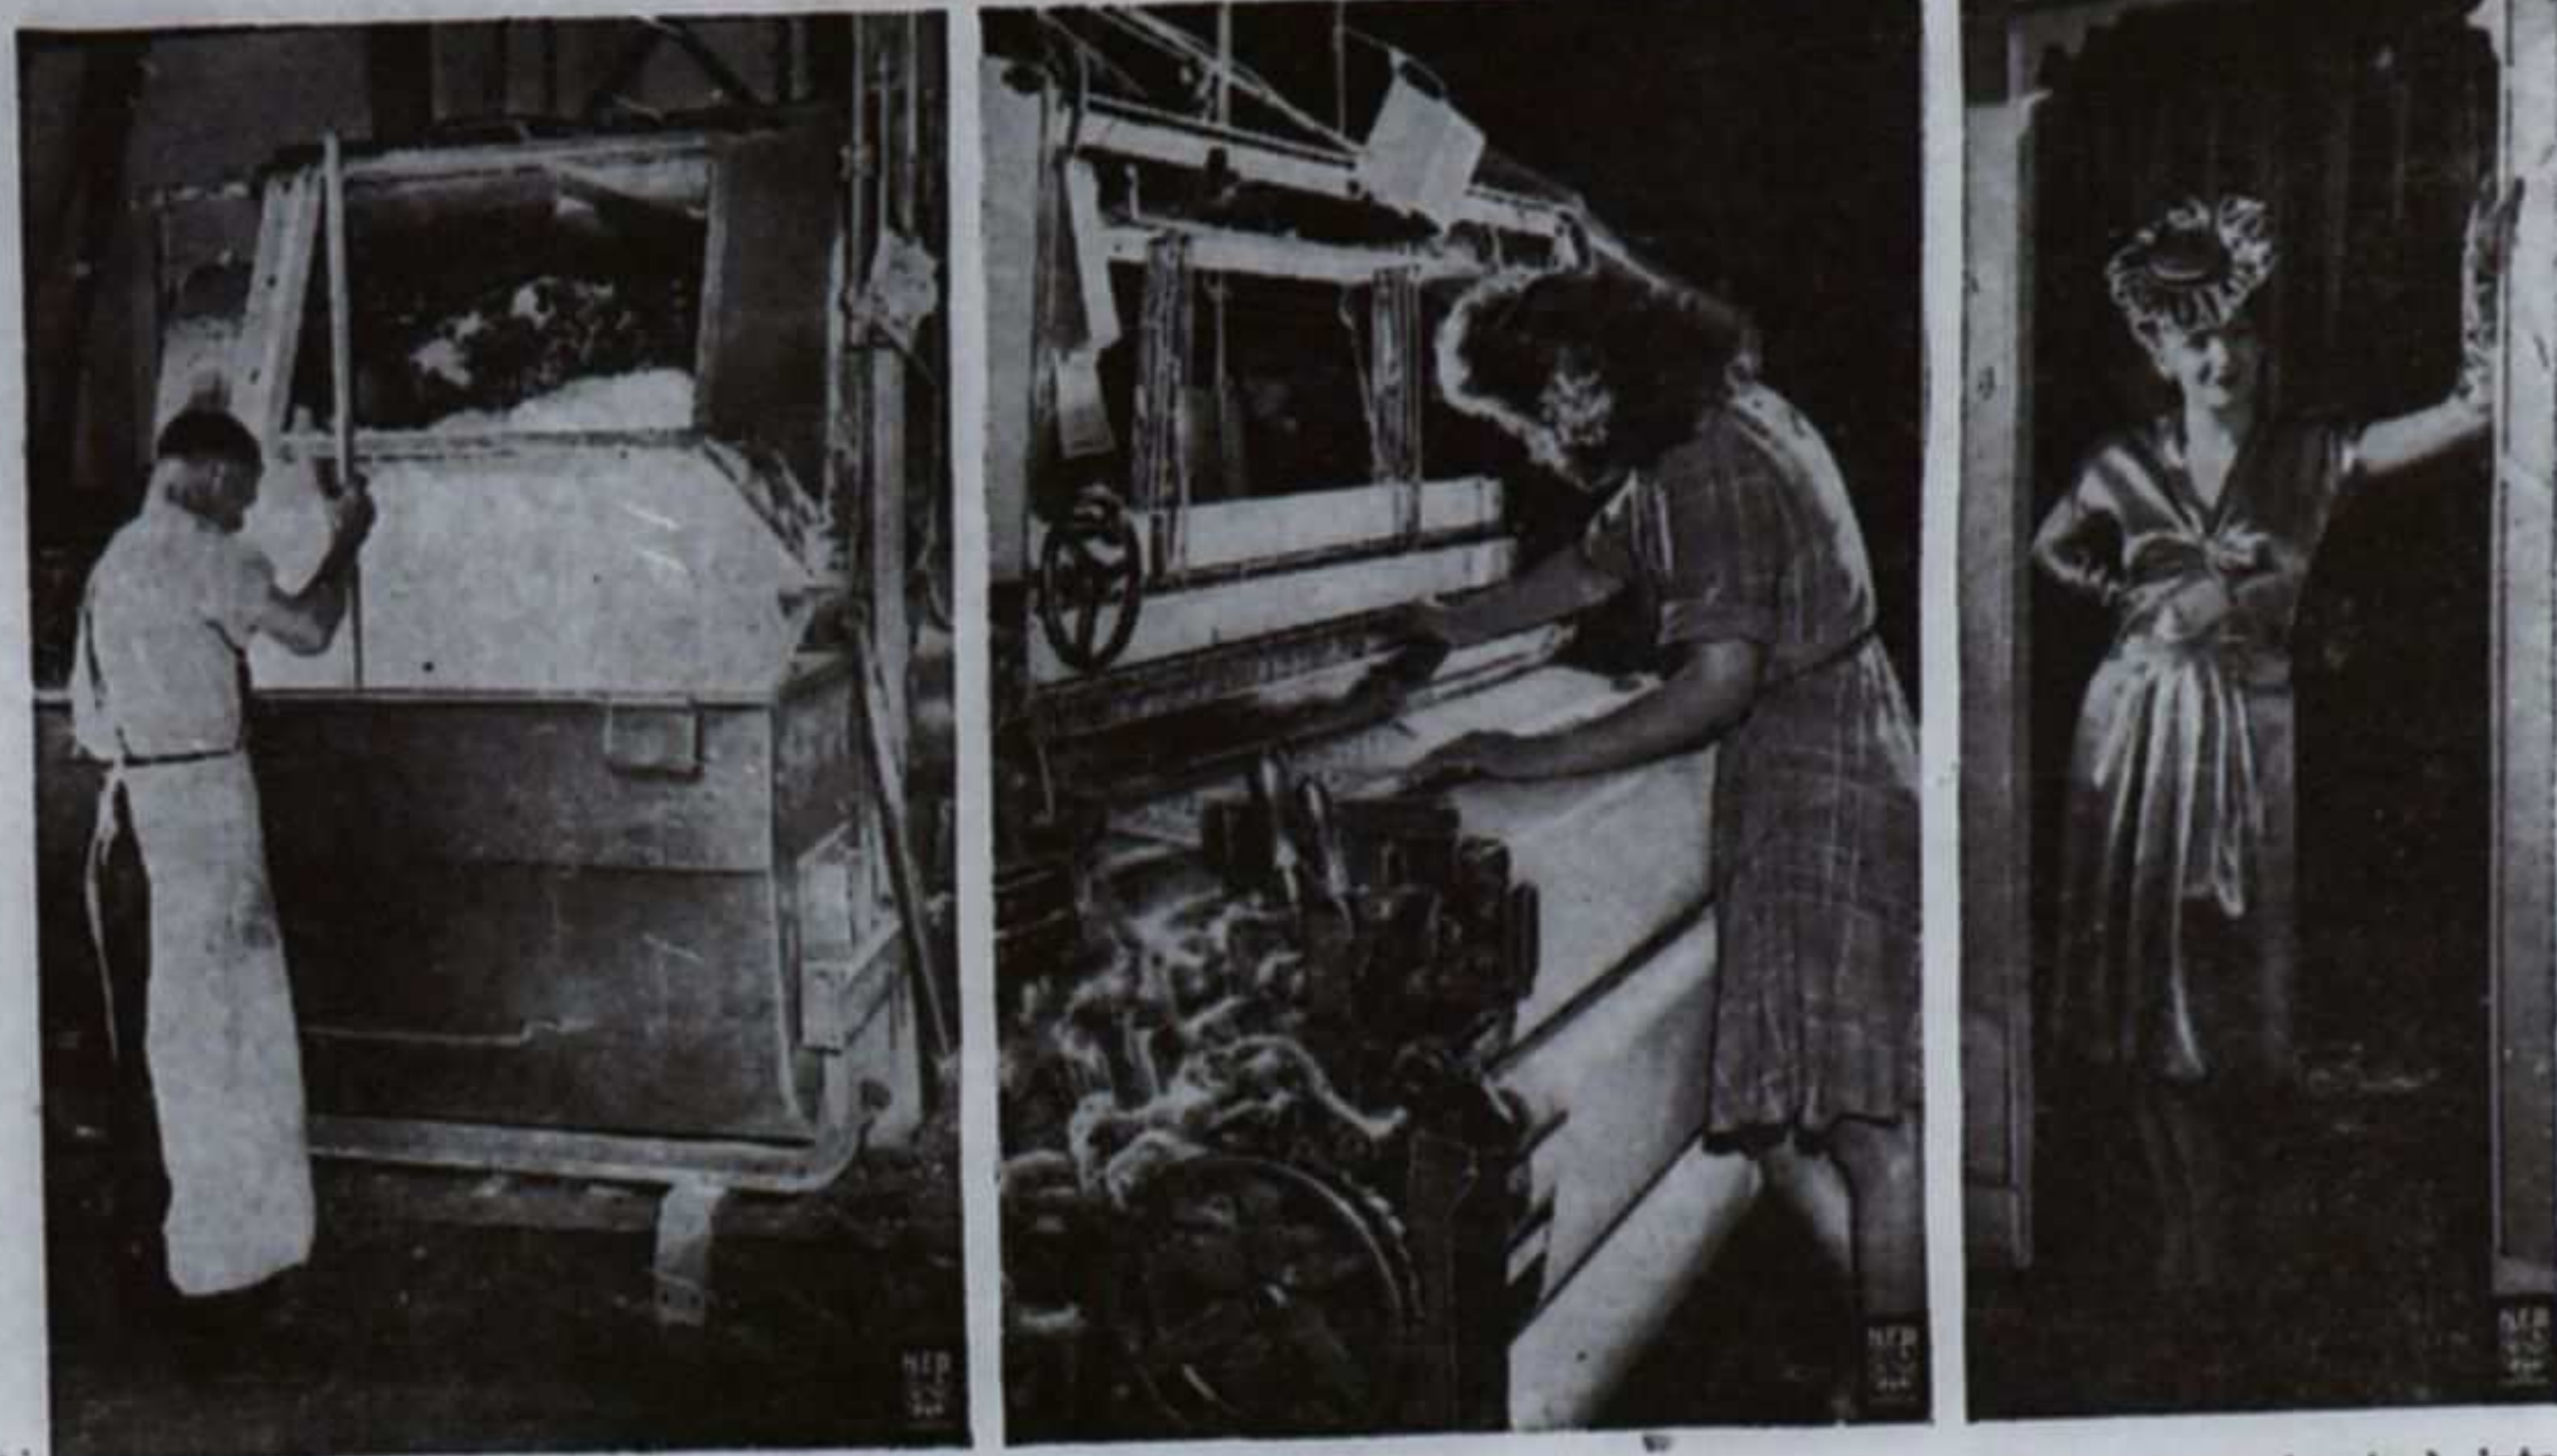

1 cup suet (chopped fine), 1 cup molasses, 1 cup bread crumbs, 1/2 cup sour milk, 1 1/2 cups flour, 1/2 tsp. cinnamon, 1/2 tsp. allspice, 1/2 tsp. cloves, 1 tsp. salt, 1 cup raisins, 1 cup prunes or stewed fruit, grated rind 1/2 lemon.

Mix and sift dry ingredients and combine with other ingredients. Turn into well-greased pudding dish, having the dish no more than 3/4 full. Cover closely with greased paper. Place in steamer and steam 3 hrs. Serve with lemon or any pudding sauce, using corn syrup instead of sugar.

Macaroni Pudding

1 cupful macaroni, 1 tsp. salt, 1/2 cup corn syrup, 1/2 cup brown sugar, 2 eggs lightly beaten, 2 cups milk, 1 tsp. vanilla, nutmeg.

Made from Wood, Shimmery Rayon Resumes Peace Role

After playing a vital but prosaic role in war, rayon, the silk made from wood, has resumed its glamor and brilliant hues to provide beauty and charm to people at peace. Wood pulp is processed in rayon plants (at

left) into gossamer yarn which is woven (centre) into cloth for the manufacture of a variety of articles including dresses, gloves, hosiery and hats (right). Upholstery of lasting beauty is also made from rayon. (NFB Photos by Chris Lund)

Food Habits Of Child Depend On Mother

Food habits are formed very early in life, and whether these habits are good or bad depends almost entirely upon the mother. Teaching a child to eat new foods takes skilful handling and the Nutrition Division of the Department of National Health and Welfare offer a few tips on how to do it.

Keep strong-flavoured foods, sweets and gravies away from a child until he has acquired a taste for the "must" foods—milk, eggs, fruits and vegetables. Introduce

new foods in extremely small amounts, even less than half a teaspoon at a time. Fruit juice may be introduced in drops or by half-teaspoonful, increasing the amount gradually.

When a new food is given to a child something he has already learned to like may be served also. Just at first the new food may be mixed with a familiar one but this practice should not be continued.

Be sure food is palatable, free from fibre and easily digestible. At first puree vegetables and fruits, strain the fruit juices and scrape the meat. Later vary the form, serving fruits and vegetables cooked or raw, and cubed, sliced or mashed as you please.

TAKE A TIP

1. Cut squares of fresh hot gingerbread and place on individual serving plates. Place a spoonful of hot or cold fresh applesauce on top and serve.
2. To make sure meringues do not become watery, roll sugar fine and sift small quantities into egg whites which have been beaten to frothy stage. Beat only until mixture will stand in "peaks".
3. Cut slices of bread into shapes and toast slowly to tempt children who are convalescing.
4. For a Fruit Delight soften 1 pkg. gelatine; mash a banana and add to gelatine; stir in 2 cups hot fruit juice and place pieces of cubed fruit in mould when partially set.

NO SUGAR
...lots of
lusciousness!

MAGIC Peach Layer Cake

2 1/2 cups sifted cake flour
2 1/2 tsp. Magic Baking Powder
1/2 tsp. salt
1/2 cup shortening

Sift dry ingredients together 3 times. Cream shortening. Add syrup gradually, beating well after each addition. Add 1/4 of sour mixture. Beat well. Add eggs, one at a time; beat well after each. Add remaining sour mixture in thirds, alternately with milk in halves, beating well after each addition. Add flavoring. Bake in 2 greased lightly floured 8" layer cake pans at 375°F. until done. Top and fill layers with peach halves and whipped cream.

MADE IN CANADA

Re-open Transatlantic Flower Service

John Hunt (right) of British FTD brings Canada's florists immediate plan to resume overseas flower-by-wire. Ernest S. Simmons (left) international FTD official and Paul E. Augie, president of Allied Florists and Growers approve. At right, stylist Kay Gilbert pins on a rose.

CANADA'S FLOWER industry cheered the arrival of John Hunt from Dundee Scotland in Toronto this month with immediate plans to resume Transatlantic flower-by-wire service on a peacetime basis within the next 60 days.

Hunt is president of British Florists Telegraph, and is visiting Canada and the U. S. to re-establish international flower exchange as one of the first businesses to complete the swing-back to peacetime operations.

On his arrival in Toronto he addressed this month's session of the Allied Florists and Growers of Canada where he assured Canadian florists that again they will be able to take orders here for delivery of flowers anywhere in Europe excepting, temporarily Italy and Germany. Arrangements for immediate resumption of service have already been completed between the British Isles and Belgium France Sweden Switzerland and Holland, he said.

Hunt was presented at the Ontario session of growers and retailers by Ernest S. Simmons of Toronto director and chairman of sales and advertising of international Florists' Telegraph Delivery Association, whose headquarters are in the United States. Simmons announced that Hunt would go from Toronto and Winnipeg to Chicago, Washington and Detroit, to re-establish overseas service also for the thousands of FTD member florists throughout the U.S. The current post-war plan for Transatlantic exchange will be formally approved at the annual board meeting of the international group in Detroit this month, where Hunt will present the detailed plan, Simmons said.

The latter revealed that FTD expects the flower business will absorb thousands of disabled veterans—approximately 2,000 as growers, and perhaps 2,000 at various retail branches. Physicians and counsellors at service hospitals also share the opinion that the florist business is one which offers splendid opportunities for injured servicemen.

this is the Branch Bank where Jack keeps his money—so he does not have to keep his savings at home with the danger of loss, fire, or theft, and can pay bills safely and conveniently by cheque.

this is the Teller in a branch of a different bank in another city, who made sure that the man who presented the cheque was really the man Jack intended to pay. Then he added the amount of the cheque to that man's deposit account.

this is the Clearing House maintained by the banks so that customers' cheques can be exchanged and the banks can settle their accounts with one another every day. From here, Jack's cheque was sent to the clearing department of his own bank, and from there to the branch where Jack keeps his account.

this is the Ledger-Keeper who made sure that the signature was really Jack's. Then he debited Jack's account. The amount is entered in Jack's passbook next time he comes in, so he always knows exactly where he stands.

This is a sketchy outline of what happens when you pay an out-of-town bill by cheque. Many people pay their large local bills that way too. To be able to pay by cheque is a tremendous convenience which costs you little or nothing. Banks are the bookkeepers for millions of your fellow-Canadians.

Mrs. Henry Rushton is visiting in Tara.

Mrs. Bessie K. Moore was able to return home from hospital on Monday.

James I. and Mrs. Theal were visitors to Palmerston over the weekend.

L.A.C. C. M. Johnson, R.C.A.F., son of Col. and Mrs. W. W. Johnson has been transferred from Abbotsford, B.C. to Debert, N.S.

F. J. and Mrs. Guy are visiting with Mrs. Guy's parents, Ernie and Mrs. Buckenham. Mr. Guy has just received his discharge from the R.C.A.F.

Mrs. H. R. Elliot has returned after a pleasant two months' visit, spent in London, Allas Craig, Parkhill and Strathroy. She was accompanied by her cousin, Mrs. Gordon Luther of Strathroy.

Mr. A. E. Buckenham was called to his old home at Bothwell on Thursday last owing to the death of his mother which occurred in Chatham hospital that day, at the age of 71 years.

FIL/Lt. W. D. Wells, husband of the former Betty Theal, has received his discharge from the R.C.A.F. They visited in Palmerston last week. In the spring they will settle in the Palmerston district.

We are pleased to report that the condition of B. W. Graham, confined to Hamilton hospital, is very fine. He is making good progress and will be able to return to his duties as the "Bishop of Paton Street" within a few days.

Mrs. James Theal had a birthday last week and there arrived in Grimsby in time for that happy event a package of Holland tulip bulbs sent by her son Capt. Irvine Theal, R.C.A.M.C., at present stationed in Scotland.

W. D. Fairbrother, Beamsville, Lincoln County Registrar, is back at his office after a bad fall at his home on October 5th. Mr. Fairbrother missed the railing and fell the full length of his stairs, and although he suffered no broken bones he was bruised and shaken up.

Dr. and Mrs. James M. Mather have moved into their new home on Main west (the old Dolmage home) and are making extensive repairs to it. Dr. Mather will be Medical Health Officer for all of West Lincoln under the new county health unit set-up. He will not do any private practice.

Radar Howie Duffield, R.C.N. has received his discharge and has returned home.

Mrs. L. G. MacBride has returned home from hospital and is gradually gaining strength.

A.W. Ethel Helmar, R.C.A.F. (W.D.) Regina, is spending her furlough with E. Bruce and Mrs. Murdoch, Adelaide street.

Mrs. Paul Oelkuch and Mrs. Brodzki have returned from a months visit with friends and relatives in Wilkie and other points in Saskatchewan.

Brownies

On Tuesday afternoon Oct. 16th, the 25th I.O.D.E. Brownie Pack held its regular meeting in the Public School.

After the opening ceremonies and collection of Fairy Gold, Brown Owl read an acknowledgement of the pressed wild flowers collected during the summer.

There was much merriment over the learning of a new song. A knot contest was then held by the Brownies who are to be taken into Guides this year and the Brownies were initiated into the mysteries of tying their ties, which they must know before they can become full fledged Brownies.

Due to the pleasant weather everyone was then able to enjoy games and the closing ceremonies outside.

Cubbing

Four new chums, Barry Bourne, Bobby Ellis, Donald Grad and Billy Henley were welcomed at the regular meeting of the 1st Grimsby Pack.

Following the opening ceremony, the sixes retired to their Lairs where they studied four letters of the Semaphore Code. After the collection of the dues a Semaphore Relay Game was played to test the Cubs on this knowledge.

The highlight of the meeting was the judging of the baskets which the boys had decorated in preparation for Apple Day. Awards were made to Pat Ryan, Jack Ryan, Billie Tennant and Ronald Wicharuck. Mr. Vernon Tuck and Mr. Harry Morris kindly acted as judges, and the Cubs gave them three hearty cheers for their kindness. Akela announced that a Going up Ceremony would be held at the next meeting at which the Scout Troop would be present. The meeting was closed with the Mouse Howl led by Sixer Dean Wilson.

Blankets take on new importance as fall comes around. It's suddenly almost disastrous if they aren't long enough to stay tucked in snugly. A simple remedy is to sew a broad strip of flannelette or unbleached cotton on the bottom end which will then tuck firmly under the mattress.

SUNDAY, OCTOBER 21st 11 a.m.—"Persuasive Religion." 2:30—Sabbath School. 7 p.m.—Masonic Service.

Trinity United Church W. J. Watt, B.A., B.D., Minister

SUNDAY, OCTOBER 21st 11 a.m.—The Church of God. 7 p.m.—"Speech" as a talent. Sunday School at 2:30, Trinity Hall.

At All Saints Church, Northalbert, Yorks, England on July 21 the wedding was solemnized of Margaret McGinnison, only daughter of Mr. and Mrs. G. McGinnison to L.A.C. Donald A. Walters, R.C.A.F., third son of Mr. and Mrs. J. C. Walters, of London, Ont., and a brother of Mrs. Art Henley, Grimsby.

The bride, given in marriage by her father, wore a two piece wool suit of Powder Blue with navy accessories with corsage of Red Roses and carried a Gold good luck horse shoe, a gift of the bridesmaid. The brides only attendant Miss Grace Carter of Northalbert was dressed in pale blue with navy accessories with corsage of Red roses. The groomsmen was L.A.C. Fred Powell of Toronto, Ont.

A reception for immediate friends and family was held at the home of the bride's parents. The honeymoon was spent at the seaside resort of Scarborough, England.

W.C.T.U.

The Grimsby W.C.T.U. met at the home of the President Mrs. J. Murphy, who presided. Mrs. W. S. Watt led in prayer. Mrs. Millar reported the first afternoon of the Convention. The theme was talents and service. Our talents are Time, Temporal possessions, Natural Gifts, Place in Life, God's word and Gods Spirit. The President Mrs. McLean led in prayer—a resolution expressing our loyalty to our Country and Empire.

The National President, Mrs. J. H. Wickson, was presented and brought greetings—The Convention hymn "Lead on O King Eternal" was sung in closing the first session.

Mrs. Aikens then read a brief report as follows: "The Ontario W.C.T.U. convention now in session in this city has brought to St. Catharines some of the foremost women of the province, women of keen minds and possessed of the true Christian spirit, unafraid to take their stand on a question of vital import especially to the rising generation. This is clearly manifest to an unbiased onlooker at the convention sessions. Among the many up-to-date resolutions the following are of special interest. Whereas post-war conditions demand that Canada husband all resources to aid in giving food and clothing to the destitute in other lands and whereas to accomplish this all grain and sugar products are needed to produce food stuffs or fodder to yield dairy and poultry products, meats, wool and leather. Therefore recommend: That the Woman's Christian Temperance Union of Ontario in convention assembled, deploring the wastage of such supplies in the making of beverage alcohol, solicit our Dominion Government to use every rightful means in their power to prevent all such wastage, and also request all like-minded organizations or private citizens to aid us by letter or petition. . . . We recommend: that the question of winning and maintaining Peace be duly stressed and that as a means to this end, we encourage the study of national and international policy and that at least one meeting a year be given to the study of International Relations."

In regard to meat rationing the W.C.T.U. went on record as follows: "Resolved that as Canadian women we go on record as favoring meat rationing or any necessary patriotic measure, in order that the people of Europe who are starving may have the needed proteins and we are waiting with interest for speedy and wise adjustments which will insure no wastage and the removal of all obstacles to the steady flow of food to Europe."

Reports of the work being done under the twenty-six departments in every county in Ontario stressed the need of intelligent citizenship both present and future. There are three Educational groups under the W.C.T.U.

1. "Little White Ribbons" and their mothers in the home. 2. Scientific Temperance and Health in the Schools. 3. Temperance Course in the Sunday Schools. Grimsby Union at present is doing very little of this work.

We need leaders. Are there three Christian women in our community who love home and country enough to volunteer for this work? The material and plan of work will be gladly supplied to anyone who will undertake this work. Our future rulers deserve the very best.

This news item will be of interest to Miss Rosamond Duff's many friends in this district. During her 23 years as Ontario Field Secretary, she has toured Lincoln County and visited Grimsby schools many times.

Grimsby Red Cross

"Jennifer and Ruth Walker are ten months old motherless twins and they look pets in the little white frocks sent by Canadian Junior Red Cross" writes the matron of a British nursery at Newbury, Birks. "What pleases us most is the beauty of the clothes, and I hope you will realize how full of gratitude our hearts are. 'Canada has sent you these frocks' I tell the children; and with large serious eyes they said 'Thank you Canada', I can't say anything better!"

Several million articles have been made by members of the Canadian Junior Red Cross for the children of Britain and other lands during the war. Canadian Juniors maintained 14 war nurseries in Britain at a yearly cost of more than \$41,000, and clothing was supplied to all the children in the Nurseries.

A drive for increased membership in this world's largest youth organization is currently being conducted throughout Canada, for the Juniors carry on their principal objectives of Health and Service to others in peace time as well as in war. Classes of all schools are urged to enrol or re-enrol at once and receive full membership benefits.

Baptist M.C.

A thank offering service was held at the Church on Tuesday evening, October 16th. The President, Mrs. W. L. Brough presided.

The guest speaker for the evening was Mrs. Jean Spanky of Calgary, Alta., a member of the Dominion Federation of Baptist Churches, who also has served on the Dominion Board of Foreign Missions. She spoke of the Home Mission work of the Baptist Churches of the West, particularly among the New Canadians. Her address was most interesting and informative, and thoroughly enjoyed by the large gathering.

Miss Miriam Cline, in the Watch Tower service, brought emphasis upon the importance of the Crusade for Christ, now being conducted in Canada by the four major Protestant denominations.

A duet was rendered by Mrs. Harry Cartner and Mr. Floyd Simpson.

The offering for mission work was a most generous one.

Refreshments were served at the close of the meeting by Mrs. Chas. Walker, assisted by Mrs. Standerwick and Mrs. Barnum.

Rebekah Lodge

Alexina Rebekah Lodge held a joint installation of officers with Oakleaf Rebekah Lodge, Beamsville, on Thursday evening Oct. 9 in the Masonic Hall. The ceremony was preceded by a Banquet, arranged by Sis. Udorah Stewart and her committee. Toasts were proposed. To the King by Sis. Belle Wilson, noble Grand of Alexina. "To the Rebekah Assembly" by Sis. Ethel Flett, P.N.G. and responded to by Sis. Rhea Langlois, District Deputy President of District No. 15. "To the visitors" by Sis. J. Hillier and responded to by Sis. Cowsey of Justitler Lodge, Hamilton. "To the incoming Officers" by Sis. Belle Wilson and responded to by Sis. Bertha Hummel. A delightful vocal solo by Isabel Stevenson was greatly enjoyed.

Installation of Officers was very ably conducted by Sis. Rhea Langlois D.D.P. and her installing staff from Hamilton, who were attired in floor length dresses of white sheer with corsages of pink rosebuds. Officers of Alexina installed for the ensuing year were Noble Grand Sis. Bertha Hummel, Vice Grand, Sis. Evelyn Dipper; Recording Secy., Sis. Aletha Lymburner; Financial Secy.—Sis. Gladys LePage, P.N.G.; Treasurer—Sis. Isa Stephenson P.N.G.; Warden—Sis. D. Douce; Conductor—Sis. Reba Warner; Chaplain—Sis. Mary Croft; Musician—Sis. May Crittenden, R.S.N.G.—Sis. Gladys Buckenham; P.N.G.; L.S.N.G.—Sis. Jessie Hillier; R.S.V.G.—Sis. Daisy Wheeler; I.G.—Sis. Verna Lewis; O.G.—Sis. Jessie Greenwood; J.P.N.G.—Sis. Belle Wilson; Officers of Oakleaf Lodge installed were. Noble Grand—Sis. Marjory Barrick; Vice Grand—Sis. Beatrice Barrick; Recording Secy.—Sis. Alice Warner, P.N.G.; Finance Secy.—Sis. Nellie Everett, P.N.G. Treasurer—Sis. Harriet Sturt, P.D.D.P.; Warden—Sis. Lillian Cable Conductor—Sis. Agnes Merritt; Chaplain—Sis. Janette Groff; Musician—Sis. May Crittenden; R.S.N.G.—Sis. Martha Warrick, P.N.G., L.S.N.G.—Sis. Thelma McLachlan; R.S.N.G.—Sis. Patricia Cobett, P.N.G.; L.S.V.G.—Sis. Billie Warner; I.G.—Sis. Violet McDougall; O.G.—Bro. Bill Willoughby.

Appreciation of the manner in which the ceremony was conducted was voiced by Sis. Isa Stephenson, P.N.G. and a hearty vote of thanks accorded Sis. Langlois and her assistants. Gifts were presented to Sis. Langlois, Sis. Belle Wilson, Sis. Bertha Hummel, Sis. Udorah Stewart, Sis. May Crittenden, Sis. Gladys LePage, Sis. Pat Cobett, Sis. Marjory Barrick.

Certificates of 20 yrs. membership with Alexina Lodge were presented to Charter members. Sis.

Card of Thanks

Mrs. L. G. MacBride wishes to thank her many friends in Grimsby, Hamilton and Toronto for the lovely flowers, cards and letters she received from them during her recent illness.

Obituary

MISS JANE GADSBY

One of the older and well known residents of Port Dalhousie, Miss Jane Gadsby, of 21 Brock St., passed away Saturday evening at the St. Catharines General Hospital after a lengthy illness. The late Miss Gadsby was born in England ninety-one years ago and had been a resident of this vicinity for the past eighty-eight years. She was a member of Queen Street Baptist Church. To mourn her passing is one brother, Edwin J. Gadsby of Grimsby Beach.

Girl Guides

WHY WE HAVE GUIDES AND BROWNIES

This week Guides and Brownies have begun their winter's activities. The enrolment is, 50th I.O.D.E. Company 30, Guider Miss M. Cullington; 87th I.O.D.E. Company 31, Guider—appointment pending, Lieutenant, Miss B. Burgess. 25th I.O.D.E. Brownie Pack, 24, Brown Owl—Miss V. Fox, assisted by Mrs. Wyatt Dick, Grimsby Beach Company 24, Guider—Miss S. Davidson.

Guiding has been going on steadily in Grimsby since the first company was formed at the end of the last war by Miss Gladys Drope, and the need for it is now more pressing than ever. This was stressed by the Provincial Commissioner Mrs. H. F. H. Hergberg in her farewell words to the Province. Scouting and Guiding, she said, are laying the best foundations in Youth for the future. The instability of Youth today is the result of a war-psychosis percolating down from parents to children. In guiding girls find stability and security. She referred to the grim fact that juvenile delinquency has been fostered by the war and statistics show that girls are worse offenders than boys. Guiding steadies them. In Ontario alone there are 25,176 Guides and to this great Sisterhood our Grimsby Girl Guides belong.

A distinguished visitor to Canada last month, Sir Richard Livingstone, struck the same note. He states in his book "Education for a World Adrift" that one of the most original achievements in British education of this century is the Scout and Guide movement and adds that this is one institution whose members learn the habits of citizenship by being citizens. This is just going back to the aim our Founder had when, at the end of the last war, he formulated for Girl Guides what he had earlier formulated for Boy Scouts—"Character development towards happy citizenship through natural rather than artificial means." So the object of Guide training is to give our girls, whatever may be their circumstances a well planned series of healthy, happy activities which will provide a course of education outside the school along four particular lines:

1. Character and Intelligence, through games, activities and tests.
2. Skill and Handcraft, encouraged through badges for proficiency.
3. Physical Health and Hygiene through development up to standard by games and exercises.
4. Service for others and Fellowship. This last is being practised here this week by Guides and Brownies who are sharing in the National Clothing Collection for U.N.R.R.A.

So, parents and friends of our young people, will you lend a sympathetic ear to what your children have to tell you about their Guide life? And will you remember too, that the best help can be given your children only when we have plenty of good leaders for them? Children everywhere are avid for Guiding. Leaders are our greatest need.

A little boy is the one who wonders how there could be a surplus of cod liver oil when he thinks he takes most of it.

Lions Club Hold First Meeting

Grimsby Lions Club held its first meeting of the year on Wednesday night, with President Russell Terry presiding. Owing to changes at the Village Inn the club were forced to hold their meeting in Trinity hall where a very fine repast was served by the Trinity Service Club.

Only business matters of a routine nature were attended to. The next meeting of the club will be held at the Village Inn on Tuesday evening, November 4th, when club activities will get under way in earnest.

The following are the Committees appointed for year 1945-6. The first name on each committee to be chairman:

SIGHT—V. Tuck, Dr. J. H. MacMillan, Dr. A. F. McIntyre, J. Holder, R. D. Colpitts.

BOYS AND GIRLS—R. C. Bourne, Father B. A. O'Donnell, C. Bell, H. Melzer, M. A. Johnson, E. W. Phelps, R. Glaesmer.

CITIZENSHIP AND PATRIOTISM—J. Merritt, R. H. St. John, A. Anderson, B. W. Graham, F. Merritt.

CIVIC IMPROVEMENT AND POST WAR PLANNING—C. A. Farrell, H. K. Whyte, A. M. Alton, G. Hannah, L. Col. F. G. Kemp.

GENERAL EDUCATION—P. V. Smith, F. Jewson, S. R. Globe.

SAFETY—O. Eickmeier, D. E. Anderson, H. R. Dickson, A. Lundsen, C. Rahn, R. O. Smith.

MEMBERSHIP—S. R. Globe, W. R. Boehm, R. A. Eaton, O. Eickmeier.

ATTENDANCE—L. Theal, C. Bell, G. Wade, H. K. Whyte, R. D. Colpitts, J. H. Gibson, J. Walker.

FINANCE—A. C. Price, I. D. C. Thomson, J. Holder.

CONSTITUTION AND BY-LAWS—H. B. Matchett.

PROPERTY—A. R. Globe, J. A. Jacklin.

BULLETIN—L. Col. F. G. Kemp.

REHABILITATION—C. D. Millard, C. W. Lewis, V. W. Thompson.

PROGRAM—K. C. Baxter, W. A. Hewson, Plus All Committee Chairmen.

PIANIST—R. G. Gillespie, Assistant, K. C. Baxter.

CARNIVAL—R. C. Bourne, E. W. Stonehouse, H. Shafer, F. J. McPhail.

HEALTH AND WELFARE—Dr. A. F. McIntyre, Dr. J. H. MacMillan, Dr. V. R. Farrell.

Can Pearls Grow Out of Oysters

It sounds incredible that pearls can grow and multiply after they have been removed from the oyster yet the idea that pearls kept in rice not only increase in size but also breed other pearls is being seriously studied.

The belief is not a new one, for in the seventeenth century, a Dutch artist, named Paul Potter, is supposed to have had in his possession a beautiful breeding pearl. In August, 1840, the Hon. Emily Eden, sister of Lord Auckland, then Viceroy of India, wrote the following to a friend in England: "There is a lady here who has a large pearl, so large as yours, and that pearl twice a year produces other pearls. She has a whole string of the offspring. This is a positive fact." The writer then goes on to explain that the pearls were placed in a small wooden box in which was kept some rice, and on this the pearls "fed." On the larger pearls a small black spot would appear, gradually growing bigger, and finally severing itself from the parent body, would become a separate pearl. Just a few years ago this belief was revived by Sir Ernest Birch, British Resident at Perak, and formerly Governor of British North Borneo. He had a number of seed pearls which had been kept for several years in a bag in which were rice grains and when Lady Birch opened the bag she found that it contained a greater number of pearls than had originally been put in.

Other instances could be given which also would tend to prove that under certain conditions pearls grow in size and breed. Maybe there are only certain varieties that do so, but there is certainly room for further investigation and it would be interesting to solve it.

Keep Bees Warm

Artificial heating of beehives was tried about sixty-five years ago, but the first English experiment to be successful took place last year. The temperature was kept at sixty degrees by an electric heater, and the cost was only a shilling a hive for the whole winter. The heater consisted of a quilt into which the spiral wire of an electric stove had been stitched. The advantage of this artificial heat lies not alone in the elimination of dampness and excessive cold but in a saving in the consumption of honey, or other food provided for the bees.

SPORTOLOGY

(By Bones Livingston, Sportologist)

THE LEAVES ARE FALLING—Despite the fact that EARL FISHER rolled 321-224-175 for a total of 720, the poor old PEACH KINGS dropped four points to ST. ANDREW'S, led by MR. BAXTER, K.C., who had a nice 621 himself. . . . For five-man timothy-tight-up bowling the BARBERS are tops. Playing against the YOU DEE ELL'S they bowled 534-557-578-579-579. . . . MONARCHS bren-gunned the LEGION for four points when paced by SHUERT with 261-204-255 for a 720. . . . The famous butcher boy comedy team has been broken up. No longer will MR. GALLAGHER SHAW AND MR. SHEAN DUNHAM crack wise for the edification and jollification of the purchasers of wieners and soup bones in the Quality Meat Market. OLLIE has jumped the job. But JIMMY has a worthy BOB HOPE, we hope, to take his place in POP MCCARTNEY, who recently returned from blowing up spaghetti plantations in Italy. . . . Reports from the North are to the effect that the deer herds have started a big trek for Arctic Circle. They were tipped off that MERT ZIMMERMAN and his trusty pea-shooter is leaving for the hunting grounds next week. . . . And the feud in the NORTON CLAN goes merrily on. Our LITTLE MARY and PHYLLIS the PHAIR are still battling over the special prizes in the PEACH QUEENS' league, but they received an unexpected challenge from an outsider last week when BERNICE BYFORD stepped into the picture and grabbed the high triple with 677. Nice work, BERNICE. Don't be scared of that pair, are are only females after all. . . . Don't look natural to see that VICTORY team losing three straight. . . . Whang! LITTLE MAR has put DORIS MacBRIDE in the hoosegow pilfering the special prize, but RED SMOKE came back like a tigress with her VEDETTE, and slapped MARY and her VALIANT outfit down for three games. . . . That BERNICE BYFORD of the GOLDEN DROPS is surely a sweet little bowler. She knegled 271-211-195 for a 677. . . . All records went by the Boards the other night when NAN MILLER hung a 245. SOUTH HAVENS are still celebrating. At that they dropped two games to the MAYFLOWERS. . . . Did you ever notice the LITTLE WHIZZER is the busiest little score sheet writer in the country on Thursday and Friday nights, when the QUEENS are playing, and on other nights he doesn't know how to use a pencil. His theme song is PLANT ME AMONGST THE ROSES. . . . At long last the LEGION have staged a winning streak. They took four points from the PEACH KINGS. . . . Players bowl to one another 605-609-638-638-663. . . . The bottom has dropped out of the cheese market. Can you imagine Councillor JOHN HEWITT out of the cheese market. . . . By the looks of some having such a score as this, 156-79-166-401. . . . The looks of some of those scores in the MEN'S league, it would pay some team captains to turn a few of their players out to pasture for a while. . . . For the 38,000th time. It is not definitely known yet whether the Arena will operate or will not operate. . . . was not built in a day, and seven miles of pipeline and 450 v's of it and you are not going any place anyway.

The trouble about a stray bit of
information is that you don't know
from where it strayed.

THE trail has been a long dark way.
At times it seemed we might not see the day,
But now at last the rising sun is ours
And with it comes new challenge to our powers.
Was war naught but a game to win by score
And, having won, to cheer, and strive no more?
If that be all for which our men have died
Then we have lied.

O Canada, most favoured of the lands,
Review whereon our right to victory stands;
Our vow to free and succour those oppressed—
Provide for those who fought and are distressed,
Who risked without reserve all they could give
To break our foes that we might freely live.
If we now stop to haggle at the cost
Then we'll have lost.

If we play square with those who fought our fight,
And work with them to shape our world aright,
Postpone our buying things we little need—
Prevent inflation growing through our greed,
Co-operate in peace as well as war
By loaning to our cause a little more . . .
If we keep faith until the job is done
Then we'll have won.

Hours of Work and Vacations with Pay Act, 1944

The Industry and Labour Board which administers The Hours of Work and Vacations with Pay Act, considers, in view of the termination of hostilities and the cancellation of war production, the acute manpower shortage which existed during the war years will be minimized, therefore the postponement as to working hours previously provided shall be cancelled and effective November 1st, 1945, the working hours of an employee in any industrial undertaking shall not exceed forty-eight (48) in the week.

1. Regulation 4 of Ontario Regulations 8/44 is amended by adding thereto the following subregulation:

(1a.) Notwithstanding the provisions of subregulation 1, an employer may adopt one or more overtime work periods in his industrial undertaking between the 1st day of November 1945 and the 31st day of December 1945 without a consent in writing of the Board, but the overtime shall not exceed thirty hours in the aggregate.

INDUSTRY AND LABOUR BOARD,
Department of Labour, Ontario.

Hon. Charles Doherty,
Minister of Labour.

EFFECTIVE
PROTECTION

is the natural thing!

Why don't ducks get water-logged? Everybody knows that Nature has provided them with effective protection — unique, water-repellant oils impregnating their down and feathers.

Effective protection is the keynote to satisfaction in Brantford Roofing, too. Dependable against the elements, fire-resistant, durable and attractive—Brantford Roofing serves countless thousands of Canadian homes.

Whether you are re-roofing an old home or building a new one . . . whether yours is a cottage or a castle . . . its charm and smartness will be vastly enhanced by the harmonious, tasteful designs offered by Brantford Roofing. It's easy to apply, it's reasonable in cost and it will not curl, warp or split.

CONTINUATIONS

From Page One

A FAMOUS FEATURE

and understanding from a screen-play which expertly catches the atmosphere and situations of the original. But what contributes most to elevating the offering to its far-above-par position are the performances.

Virtually every member of a shrewdly-selected cast contributes tellingly, while Greer Garson's stand-out delineation of the Irish servant girl whose charm, wit and nobility shapes the lives of her employer's entire family again establishes her as first lady of the screen. Tay Garnett directed.

WEATHER INJURED

In this district may have to depend upon supplies brought in from the Maritimes, he said.

While some growers have completed cutting their grapes, there still remains a considerable acreage to be harvested. The vineyards have been too wet and muddy for cutters to attack. Continued cold weather has prevented late grapes from ripening fully and growers, resigned to the prospect of no more warm weather, are cutting them as they are before frost can cause further loss.

This, combined with poor cherry crops, no apples, moth-infested peaches, and hardly any plum or pear crop, has made the 1945 season a black one for farmers of this district, they agreed.

X-RAY EQUIPMENT

not on duty. A report submitted showed the operating expense to be about \$22,000.00 per year, which means that this money will be spent locally instead of being taken to outside points and that much travelling expense will be saved for our people.

The roads committee of the county council have made an inspection of the road approaching the Hospital and will carry out an improvement programme, this together with a number of new lights being installed by the Township council all makes for better operating conditions.

The heating plant has been in operation now for a week and it is considered very important to break this in very thoroughly prior to the opening. The details are many to bring in a fully equipped institution and with the many shortages a remarkable job is drawing to final completion.

BEAUTIFUL ORGAN

also filling a long felt want. "Who can measure its usefulness through the years to come?" he asked.

The service then took the form of a memorial bringing new hope and comfort to all privileged to hear it. "There is no death to the Christian" continued the speaker, concluding with "She is not dead; but sleepeth."

Mrs. S. G. Walker of Stratford, niece of Mr. Eickmeier presided at the organ and the choir was augmented by Mr. L. A. Eickmeier of Stratford and Mr. and Mrs. G. A. Ryerson.

The musical portion of the service to which the organ lent new beauty and dignity included favourite hymns of Mrs. Eickmeier.

Solo: The Lord's Prayer (Mallotte) Mrs. G. A. Ryerson (Dorothy Eickmeier).

Anthem, Take it to the Lord in Prayer, Obligato Rev. Francis McAvoy, the choir.

Duet — "The Beautiful Lord" Mrs. S. Harris, Mrs. L. E. Larsen.

At 6.30 prior to evening worship a capacity audience heard an organ recital kindly given by Mrs. Walker. Many well loved favourites were beautifully rendered including "Handel's Largo," "In a Monastery Garden," "The Rosary," and "Londonderry Air."

For his evening sermon Rev. Mr. McAvoy spoke on God's need of Man, showing how all through history as great things were accomplished some man worked shoulder to shoulder with God.

The choir sang "Softly now the Light of Day" Misses Isabel Stevenson and Joyce Mogg sang, "Come Holy Spirit."

EAST END RESIDENTS

continuously until six or seven years ago, burning first wood the coal, before any person discovered that fruit trees and bushes were being damaged by the smoke and fumes. Apparently it took 75 years to find that out.

There was a certain undercurrent in the meeting that does not speak well for the future of the township, if it were to become general thing. That undercurrent being that no matter whether the new plant would do damage or not, North Grimsby does not want it, in fact, factories of any kind. That feeling was apparent in one or two spots.

Council will immediately consult engineers and chemists and will be upon their reports that they will act in either granting or refusing the building permit.

If the permit is granted the new

firm expect to commence construction work November first.

A building permit was granted to Howard Caudwell for a new storey and a half frame house and a frame barn on his property on Lake Road. House to cost \$6,000, barn \$700. Shafer Bros. have the contract.

Victor W. Thompson made his first report as township Tax Collector, but he did not turn in much money.

New water services will be laid to the new homes of Howard Caudwell and Mr. Muir on Lake Road.

Council has learned that its restricted area by-law, passed several months ago, can not be enforced in view of the fact that it was never approved by Ontario Municipal Board. The board has informed council that each property owner within the area covered by the by-law must be given a copy of by-law, as per last revised assessment roll, together with notice of hearing by the board at least ten days prior to hearing. The by-law would have to be approved before it could be enforced.

An estimate of \$8,415 was given by MacKay & MacKay, engineers,

as cost improvement on Woolverton Mountain road. This would be the cost for placing road on solid rock, main item of cost being \$5,925 for excavation of 2,370 cubic yards of rock. No action was taken.

A supplementary by-law providing an additional \$3,000 for general maintenance and repairs of township roads was passed, this bringing the year's outlay for road to \$12,000.

By resolution, the aid of N. J. M. Lockhart, M.P. for Lincoln, was sought in an effort "to get some kind of breakwater" to protect the shoreline in North Grimsby, "more especially at Grimsby Beach" from inroads of the lake.

MOGG HAS LANDED

recently appointed as assessment supervisor for Wentworth county.

Mr. Newcombe to-day was scraping the old wall surface, and thereby uncovered several drawings made by prisoners, which might be of interest to historians.

One was a drawing of a soldier, complete with pillbox hat, and an elderly cannon with spoked wheels. Several gentlemen imprisoned in 1888 had signed their names. A drawing of a mouse revealed the historic fact that mice looked much the same in 1888 as they do now.

Life is like that. The outgo is usually bigger than the income.

You Have TWICE AS LONG TO PAY

So many times you hear people say "I wish I could buy more Victory Bonds."

Well, it has been announced that there will be only one Victory Loan in the next 12 months.

People who buy Bonds now will have a whole year to pay for them.

You Can BUY TWICE AS MANY BONDS

Bear this in mind when the Victory Loan salesman calls on you.

The same rate of savings as in previous loans will pay for twice as many bonds over the 12-month period.

So, buy double this time.

Sign Your Name FOR VICTORY

Firms can buy Victory Bonds through any bank . . . on convenient deferred payments.

Victory Loan salesmen have copies of the letter at the right. (Banks also have copies.)

When you sign this letter . . . and pay 5% of the cost of the bonds . . . the bank buys the bonds for you. You have 12 months to pay for the bonds and the interest the bond earns pays the interest on the bank loan.

Buy VICTORY BONDS

THE MANAGER, _____

DATE _____

Dear Sir,

I enclose application form agreeing to purchase (for value) of 3% Ninth Victory Loan Bonds to which is attached cheque for an initial payment of \$ ____.

I promise to pay you the balance of the purchase price plus accrued interest at 5% per annum within twelve months from the date of this letter.

Yours very truly,

BREVITIES

EVENTS and TOPICS of the WEEK in TABLOID

Victory Loan starts on Monday next.

Hallow'een comes on Wednesday this year.

Art. Woodcock has accepted a position on the St. Catharines Post Office carrier staff.

Wilson Johnson has accepted a position with the Department of Veteran Affairs, Hamilton office.

West End Motors are building cement driveways around the gas pump island in front of their garage.

Town workmen are rebuilding the cement sidewalk on the west side of Elizabeth street north for a considerable distance.

Ft. Lieut. Alex. Gillespie, R.C.A.F.; Sgt. Wilson Johnson, Corp. Guy Winters, R.C.A.S.C. have received their discharge from the services.

Oliver Shaw has severed his connection with the Quality Meat Market. His place has been taken by Clifford McCartney, recently discharged from the armed forces.

Marriages in September numbered 56, the largest since September of 1942 when 69 marriages were performed in St. Catharines. Births for the month were also greater than usual, 104 being recorded, of which 64 were resident births. Deaths during the month totalled 29, 22 of which were resident, according to the city clerk's department.

Joseph and Mrs. Chilvers were visitors with friends in Grimsby last week. They are former residents of Grimsby and for some years Joe was a member of Town Council. For the past few years they have been in the general store business at Bluevale and they have now disposed of this business and will in future reside in Kincardine where they have purchased a grocery business.

This has been a bad season for the local canning factories as well as the fruit grower. The Todd factory has been closed down for 10 days, something unheard of at this time of year in the nearly 60 year history of this plant. The Corey plant is still running on American pears a few carloads of which are drifting through but how long this will continue is not known. There is absolutely no foundation for the rumor that Manitoba vegetables were being shipped to Grimsby for processing.

Maybe the man's ideas who are all-wet is in a mental fog.

REAL ESTATE

Wm. MacFarlane, Jr. recently returned from overseas service, has purchased the Walter Allen house and lot in the Fairview avenue section.

James I. Theal, local real estate agent has been a busy man this last couple of weeks. In that time he has put through the following property transfers:

The John Ivanchuk property at 55 Ontario street to Mr. McRae of Peterboro.

The fine brick home and 10 acres of fruit land of C. J. Emma, on the low end of Elizabeth street, to Mr. Gradman of Montreal. Part of this property is on the lake front, just west of the pump house.

The 50 acre farm with buildings at the corner of the Power Line and the Smithville and Grimsby stone road, (the former Robert Cosby farm), to Mr. and Mrs. Bull of Thistletown. Murgatroyd Estate were the vendors, 25 acres belonging to Paul Stelek and 16 1/2 acres owned by Paul Boyko, on the Ridge Road west, to Harold C. Jeffries.

The following sales have recently been completed by T. E. Mannell, local real estate agent.

10 acre fruit farm on lake shore in Clinton Township to Geo. Cusack of Hamilton. Vendor T. Thos. Rudnik.

Acreage on Queen Elizabeth Way, township of North Grimsby, to A. Kucheruk or Grimsby. Vendor Mrs. Zalec.

20 Elizabeth Street, Grimsby to Mrs. Lawson of North Grimsby. Vendor Mr. and Mrs. S. G. Neville.

2 acres on Queen Elizabeth Way in Clinton Township to J. Sawchuk of Grimsby. Vendor Mrs. Zalec.

Grimsby Weather

Week ending at 8 a.m., Monday, October 15th.
Highest temperature 57.6
Lowest temperature 33.8
Mean temperature 47.4
Precipitation 0.33 inches

County Council Hockey Minded

Lincoln County Council, at the opening of its October session Tuesday, decided to resume its bus trip to Toronto to see a N.H.L. hockey game later in the fall. George Montgomery, chairman of the entertainment committee, and Councilors Harold Fluhrer, Robt. Johnston, and Robert Dawson were appointed to make arrangements. The county council has not gone in a body to a hockey game since travel restrictions were instituted early in the war; since that time they have contented themselves with a supper party.

Council heard only one communication—from Fred Barraclough, Secretary of the Clinton and Loth Agricultural Society. He appealed to council for its grant to the Society to help pay expenses of the annual fall fair. The second and bigger day of the fair was rained out, but the Society incurred heavy expenses in preparations and prizes awarded the first day.

Flyer Killed

As the result of an aircraft accident, F.O. Robert Roy Harrison, 32 R.C.A.F., died Saturday at Hampton, Eng., according to information received by his parents, Mr. and Mrs. R. L. Harrison, St. Catharines. A cable, which reached the family at 1 o'clock Saturday afternoon, reported the accident, and another cable in the evening told of their son's death.

F.O. Harrison was a member of an aircrew that served together for some time on coast patrol in Vancouver, and only a month ago went overseas. Enlisting early in 1942, F.O. Harrison, after completing his training, was posted as an instructor at Rivers, Man., later to coast patrol duty. Prior to enlistment he was associated with McKinnon Industries, St. Catharines. Surviving besides his parents is a brother, Charles, Preston, Ont.

Mr. Roy L. Harrison, father of the young flyer, is an old Grimsby boy, having lived here for many years when his father the late C. W. Harrison was principal of Grimsby High School.

A stout woman is the one who finally realizes she has a slim chance of becoming slim.

CONTINUATIONS From Page One

PUBLISH PICTURE

big five column cut of the D. Marsh firm employees of years ago. Roy was in that picture.

Unfortunately their visit was cut very short as they received a telegram late that afternoon conveying the news that Mrs. Marsh's father was dangerously ill and they immediately left for their home.

Roy Marsh is a son of the late Wesley and Mrs. Marsh and was born in Grimsby and educated here. He went to Florida when quite young and eventually followed the construction business, later moving to Iowa Falls. A son was killed last February on Iwa Jima while serving with the Marines.

COLLECT CLOTHING

Particular thanks is due Mr. Clare who so generously gave over his store for the packing which could be done in comfort for the five days set out for the work.

Every organization mentioned in The Independent of two weeks ago turned out on time on their appointed day and accepted and packed the aforementioned goods. Thanks is due the Girl Guides under the guidance of Miss Walsh who worked all day Saturday packing and bringing in goods from those who could not deliver. Much material was received in this and other ways from the Grimsby Beach area. This was appreciated.

Twelve parcels were received from the St. Mary's Ukrainian church and were added to our load on Monday morning.

We especially want to thank Clarence Lewis, Len Bromley, Cecil Bell, Roy St. John, Jack Hewitt who tied and tagged all the packages, and Geo. Warner, Pte. Mayer and Pte. Joe Hand, who loaded the transport on Monday morning.

We sincerely hope that through the efforts of the people of the Town of Grimsby and the Township of North Grimsby some less fortunate people will be a little more comfortable this coming winter.

The Committee.

NEW TYPE PIER

Ion control in the lake fronting on his property and Mayor McConkey felt that as this matter will, in the interest of the Niagara Peninsula, have to be of major importance in any Government planning which may be taking birth at this time, the members of the Council would be interested with Mr. Parmelee in listening to plans of such control.

Mr. Wood, who has made a study for many years of shore erosion control and has invented a pier that is called a Permeable Pier and which it is felt the government would do well to make a study of when considering this work. Mr. Wood has made a study of many diagrams and charts showing the rise and fall of the Great Lakes waters, showing that such risings are cycles and occur periodically and that there is an intimate relationship between these changing levels and the variations in solar activity. According to Mr. Wood, it is now almost possible to make a forecast as to what years may be high or low water periods.

It has been proved that a solid type of pier can in some cases be more harmful than helpful and that the pier invented by Mr. Wood has eliminated these harmful potentialities, and has been the means of creating some very fine beaches where formerly there had been a great shore erosion problem.

It was recently stated in this paper that Hon. Charles Daley, Minister of Labour for Ontario said that the cost of the necessary seawall to prevent this erosion that is taking place along the lake shore from Toronto to the Niagara River was prohibitive, stating as an example that it had cost \$500.00 per foot for the seawall along Exhibition Grounds at Toronto. Mr. Wood made the statement that Permeable Piers could be erected at a cost of \$17.00 per foot.

Due to the efforts of Mayor McConkey, a meeting has been arranged in Hamilton which is considered to be a central location for "lake shore communities" between here and Toronto, for October 23rd. Mr. Wood will address those interested and show pictures covering this type of work which has been done in the United States. Further notice of time and location of this meeting will be announced later.

Record Set In Tax Collection

County Town Is Following Close On Grimsby's Heels In Matter Of Tax Arrears.

(St. Catharines Standard)

Nearly 92 per cent of the 1945 tax levy of \$1,008,860 has been collected to date, Finance Commissioner S. K. Watt reported to city council last week. Tax arrears from years previous to 1945 have been reduced to \$15,752, a record low.

The uncollected balance of 1945 taxes stands at \$83,405, a total of \$923,455 having been paid into the city treasury to date. The third and final instalment of current taxes was due last Wednesday. Payments to date are within a fraction of being among the highest. In 1943 91.99 per cent of current taxes had been paid after the third instalment had fallen due, but in contrast in 1939 only 83.27 per cent had been collected.

On Jan. 1 this year \$53,292 was carried forward in arrears and \$37,540 of these arrears have since been paid off. Last year at this time arrears amounted to \$221,115.

"In the remaining months to the close of the present year further collections will be made, and from present indications it would appear that the city's total tax arrears will be cut down to the lowest amount in years," reported Commissioner Watt.

Paid-Up List

All subscription re-newals and new subscriptions will be listed under this heading each week. Owing to labor shortage it is difficult to keep the dates on the paper labels up-to-date. Therefore please accept this as an acknowledgment that your subscription is paid.
